2. BUSINESS REVIEW

The success story of the 'Hotel Industry in India' seconds only to China in Asia-Pacific. India is witnessing an unpredictable growth in hotel construction and will be adding almost 1,14,000 hotel guest rooms to its inventory over the next five years. Hotel industry in India is supporting a large number of population. From labour class to working professionals, the tourist sector provides employment over 50 million people in India and it is the single largest employment generator. The Federation of Hotel and Restaurant Association of India (FHRAI) has sought support from the government in the 12th year plan for the development of the tourism sector including budgetary allocation aiming to increase the foreign flow for this sector.

While reviewing operating performance of the hotel industries it was analyzed that hotel industry in India is recovering from the blows it suffered in the year 2008 first due to financial meltdown in America in September and later due to terrorists attack at Mumbai. The foreign tourist flow in India is substantially reduced by 18-20% during these periods. The onset of the global economic slowdown still has a greater impact on the profitability of the sector determined by occupancy rate. The local competition has also increased due to number of hotels coming up in and around Delhi which adversely affect the occupancy rate and profitability of the company.

3. DIVIDEND

The Board has already declared an interim dividend @ Rs. 1.00 per equity share in the Board Meeting held on 10.02.2012 for the financial year ended 31.03.2012.

ECONOMIC SCENARIO AND HOSPITALITY SECTOR

The performance of the hotels industry is intrinsically knit with the economic growth. During the economic down cycle, the faster pace of deceleration in the hotels industry, as witnessed during 2009, can take the industry to deep troughs. While the climb during the initial phases of recovery is faster than the economic revival, a strong underlying economy is a pre-requisite for a sustained recovery.

Over the past few quarters, the global economy has been affected by various natural, social and economic headwinds; the earthquake in Japan during March-2011, the floods in Thailand during October-2011 or the civil unrest in the Arab countries and most importantly the ongoing economic crisis in the EU. Despite these upheavals, foreign tourist arrivals to India grew by 8.8% to 62.9 lakh tourists while international tourist arrivals grew by 4.4% to 980 million travellers during Year 2011 (Calendar year - Period ending December-2011). The pace was however significantly slower than the 11.8% foreign tourist arrivals and 7.0% (international travellers) of the previous year. Growth in arrivals to Africa and the Middle East was weak while arrivals to Europe, Asia, the Pacific and America led the international traveller growth during last year. With strengthening regional business ties, South and South-East of Asia witnessed strong intra-regional demand during the period.

Domestic demand continues to be relatively healthier; Visa on Arrival eases travel to India.

As witnessed during the previous fiscal, domestic travel continued to support demand across the Indian sub-continent during the current fiscal also. With a weaker rupee undermining pricing power in the Indian subcontinents, cost of outbound travel has increased by over 12% during the past twelve months alone.

Despite incremental room inventory in several markets, occupancies sustained at previous year levels during December-2011 for some markets, while certain heavily supplied markets like the National Capital Region witnessed a 5-10% decline in occupancy.

Certain measures like the visa on arrival scheme by the Govt. of India has a long term positive impact on drawing travellers. At present, India has extended the visa on arrival facility to nationals of 13 countries including Finland, Japan, Luxembourg, new Zealand and Asian countries of Singapore, Cambodia, Indonesia, Vietnam, the Philippines, Laos and Myanmar. Contemplation on adding over 14 new countries including Malaysia, Thailand, Brunei, Spain, France, Germany, Sweden, Russia, Ukraine, Kazakhstan, Brazil and South Africa to this scheme is also underway.
