**2. ECONOMIC ENVIRONMENT AND BUSINESS REVIEW**

The Indian tourism and hospitality industry has emerged as one of the key drivers of growth among the service sectors in India. Tourism has now become a significant industry in India. It is an employment generator, a significant source of foreign exchange for the country. Tourism in India is the third largest foreign exchange earner of the country after gems, jewellery and readymade garments. The booming tourism industry has had a cascading effect on the hospitality sector with an increase in the occupancy ratios and average room rates.

The long term outlook for the Indian hospitality business continues to be positive, both for the business and leisure segments with the potential for economic growth. The tourism and hospitality sector is among the top 15 sectors in India to attract the highest Foreign Direct Investment (FDI).

The Indian Government has also taken several steps to make India a global tourism hub. The Government has initiated 'Project Mausam' under which it has proposed to establish cross cultural linkages and to revive historic maritime cultural and economic ties with 39 Indian Ocean countries. Further, the Government plans to cover 150 countries under e-visa scheme by the end of the year. Recently, the Indian Government has also released a fresh category of visa i.e. the Medical visa (M visa), to encourage medical tourism in India. The hotel industry in India thrives largely due to the growth in tourism and travel. Due to the increase in tourism with rising foreign and domestic tourists, hotel sector is bound to grow.

India, after China, is considered as one of the most lucrative hotel markets in the world. The Indian economy has certainly performed creditably compared to most developed and emerging markets of the world in the past years.

**3. DIVIDEND**

Your Company, due to inadequacy of profit, is not in a position to declare Dividend for the Financial Year 2015-16.

**Annexure-B to the Auditors' Report****Report on the Internal Financial Controls under Clause (l) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of CHL Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes forming part of the financial statements

### I. SIGNIFICANT ACCOUNTING POLICIES

Annexed to and forming part of the Statement of Accounts for the year ended 31st March 2016

#### A) BASIS OF ACCOUNTING

- i. Financial statements are prepared under the historical cost convention, on accrual basis of accounting (except where otherwise stated hereinafter) in accordance with the accounting principles generally accepted in India and in compliance with the accounting standards as prescribed under Section 133 of the Companies Act 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and the provisions of Act (to the extent notified).
- ii. The preparation of financial statements, in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

#### B) FIXED ASSETS AND DEPRECIATION

1. Fixed assets are stated at cost, less depreciation/amortization and impairment losses if any. Cost includes all expenditure necessary to bring the assets to its working condition for its intended use. Capital work in progress comprises of advances to suppliers/service providers; cost of material used and incidental expenditure where the fixed asset is not ready for its intended use as at the balance sheet date.
2. Expenses on complete renovation / rebuilding of an existing asset resulting in substantial increase in useful life, are capitalized on completion of renovation/restoration work. Residual value of the original asset, renovated or rebuilt is reduced from the cost, if material.
3. Cost of asset(s) replaced but still usable is not reduced from the cost of the asset(s) till it is sold / discarded. If the cost of the asset(s), discarded / sold is not ascertainable, cost of replacement of such asset(s), (discounted as per "indexed cost formula" prescribed under Income Tax Act, 1961) is taken as the cost of such asset(s) for the purpose of deduction from the cost.
4. Depreciation on tangible assets is provided on straight-line method over the useful life of assets in the manner and at the rate specified in Part C of Schedule II of Companies Act, 2013 from the date the Schedule II came into effect.

#### C) BORROWING COST

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of cost of such assets. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognized as an expense in the period in which they are incurred.

#### D) FOREIGN CURRENCY TRANSACTION

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction and recorded into Indian rupee at year end exchange rates.

Monetary assets and liabilities denominated in foreign currencies as at balance sheet date are translated into Indian rupees at the closing exchange rates on that date. The resultant exchange differences are recognized in the statement of profit and Loss except that:

- a. Exchange difference pertaining to long term foreign currency monetary items that are related to acquisition of depreciable assets are adjusted in the carrying amount of the related fixed assets; A foreign currency monetary item is classified as long-term if it has original maturity of one year or more.
- b. Exchange difference arising on a monetary item that, in substance, forms part of the company's net investments in a non-integral foreign operation are accumulated in a "Foreign Currency Translation Reserve" until the disposal of the net investment, at which time the accumulated amount is recognized as income or as expense.

## **CHL INTERNATIONAL**

---

### **E) INVESTMENTS**

Long term investments are carried at cost. However, provision is made to recognize a decline, other than temporary, in the value of long term investments.

Current investments are carried at lower of cost and fair value, determined on an individual basis.

### **F) CURRENT ASSETS**

Inventories and other consumable assets are valued at lower of cost and estimated net realizable value after providing for cost of obsolescence and other anticipated loss wherever considered necessary, if material. Cost is determined by using the first in first out (FIFO) basis.

### **G) EMPLOYEES BENEFITS**

The Company makes contribution to social fund, in accordance with the applicable law and as regulated by the Government of Tajikistan.

### **H) CONTINGENT LIABILITIES**

Contingent Liabilities are disclosed after careful examination of the facts and legal aspects of the matter involved.

### **I) TAXATION**

The differences that result between the profit considered for income taxes and the profit as per the financial statements are identified, and thereafter a deferred tax asset or deferred tax liability is recorded for timing differences, namely, the difference that originate in one accounting period and reverse in another, based on the tax effect of the aggregate amount of timing difference. The tax effect is calculated on the accumulated timing difference at the end of an accounting period based on enacted or substantively enacted regulations. Deferred tax assets in situations where unabsorbed depreciation and carry forward business loss exist, are recognized only if there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against when such deferred tax asset can be realized. Deferred tax assets, other than in situation of unabsorbed depreciation and carry forward business loss are recognized only if there is reasonable certainty that they will be realized. Deferred tax assets are reviewed for the appropriateness of their respective carrying value at each reporting date. Deferred tax assets and deferred tax liability have been offset when the company has a legally enforceable right to set off current tax assets against current tax liability and where the deferred tax assets and deferred tax liability relate to income taxes levied by the same taxation authority.
